Bancroft Institute Plan Calico Ball

The May meeting of Bancroft WI was held at the home of Mrs. G. L. Long with 12 visitors and nine members present. In honor of Mother's Day, "When Your Hair Has Turned To Silver" was sung to open the meeting, followed by reading of the creed.

Everyone present answered the roll call with "Tell something about your grandmother."

The cancer drive in this district was cancelled due to the fact that there was a community chest drive a few months ago which included the cancer fund.

The June meeting will be held at the home of Mrs. Paul Hauser instead of Mrs. P. Fisher's, announced. Pine arrangements were made for the Calico Ball at Carstairs East Community hall on May 29.

Mrs. H. Swanson reported on the executive meeting held at Mrs. Long's on May 10. Mrs. Hoskin is delegate for the western conference. Meeting then adjourned and a short program followed.

Beth Thomas, Annie McCullough, Patricia Hoskin and Alma Swanson sang "Little Old Lady," and "Wonderful Mother Of Mine." Patricia gave a piano solo, Fred Refus and Mrs. A. Moore Hayes sang a solo duet, "Coming Round The Mountain" and "I Said My Pyjamas" was sung by all. Mrs. Geritz gave a recitation, "A Minister's Prayer."

Mrs. Alex Stewart was presented with an AWI pin. There were eight new members and each was given a small gift.

The contest was to dress up a frank-fritter with crepe paper and Mrs. E. Olhausen won the prize. Mrs. Thomas of Acme won the tea prize.

The cooking contest for the WI members was won by Mrs. G. Hoskin for the best chiffon cake and Mrs. H. Swanson for the best date loaf cake.

Out-of-the-district visitors were Mrs. Thomas and Mrs. Geritz from Acme. Mrs. H. Olhausen from Calgary and Mrs. E. Richardson and Mrs. H. Richardson of Lone Pine.

MRS. REID CLARKE HOSTESS TO KNOX UNITED W.M.S.

Eighteen members and friends met at the home of Mrs. R. Clarke on May 13 for the W.M.S. meeting of Knox United Church. Rev. C. C. Armstrong spoke on "Peace and Human Welfare and showed a film on social issues which C. C. entitled "A Friend in the Door."

Mrs. Ruth Long was in charge of the devotional period. At the close of the meeting the hostess served lunch. The June meeting will be held at the home of Mrs. Bruce Parker.

WEST NOTES

(From Our Own Correspondent)

The Elton Willing Workers held their may meeting at the home of Mrs. R. Sutherland Wednesday with dinner. A number of visitors were made of old woolen pieces feather stitched on to a backing and will be put together later to be finished into a quilt for overseas.

The secretary has purchased the goods for the Santa Claus costume as suggested at the last meeting and one member volunteered to cut it out and another to sew some money. Mrs. P. Luft was present.

The next meeting will be held at the home of Mrs. H. Erickson and plans will be made for the treats for the children's school picnic. There will also be discussion on ways and means of raising some money. Mrs. P. Luft was present.

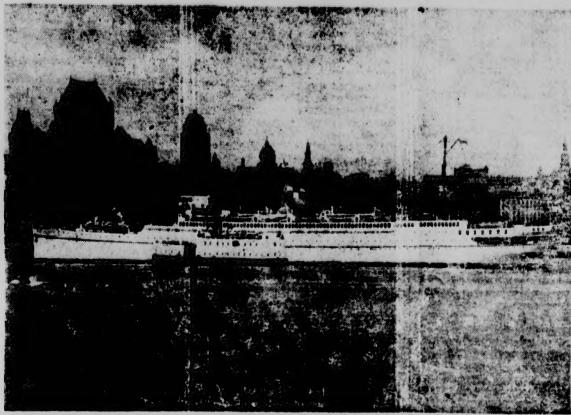

In connection with Bowden and Mountview, one point brought out is that broader facilities for psychological treatment of the trade-trainees should be introduced and individual cases of the delinquent should be reviewed regularly and more thoroughly.

At present neither Bowden or Mountview Home has a trained psychologist attached to the staff, although the facilities of the private guidance clinic in Calgary are available to the latter institution.

The government points out that the new building at Bowden will provide means for youths to learn trades but no definite steps have been taken to determine what the facilities will be.

OIL BURNER USES CANADIAN BRAND

From an obscure source we learn that Native Dancer, the race horse which finished a head behind the winner in the Kentucky Derby, was fed with Canadian oats. Guess who paid for the oats.

Thieves Remove Office Safe From Soley's Food Store

BANK EMPLOYEE HONORED ON DEPARTURE

Miss Pearl Weisgerber, accountant at the local branch of the Royal Bank for the past eight years, was guest of honor when Mr. and Mrs. A. Allen and Mr. and Mrs. F. Nicholson entertained the staff at a supper party.

Mr. Allen presented Pearl with a smart travelling case. With it went the good wishes of all present for a very happy future is her work in Calgary.

Entering by smashing out a rear window, thieves made off with the safe from the office of Soley's Food Store late Sunday night or early Monday morning.

The safe which contained account cheques, records, etc., but had cash, was open all the time and had a sign on the front to that effect.

It was discovered Tuesday morning on a blind road two miles east and one mile south of town, by Walter Fulkerth. All the cheques were missing.

Anyone who cashed a cheque at Soley's on either Friday or Saturday day of his work is asked to stop payment on same and contact Mr. Soley as soon as possible.

Lone Pine Orioles Regular Meeting

Regular meeting of the Lone Pine Orioles was held recently with a good attendance. Meeting came to order with the singing of "There Is A Tavern" and "Lonely Little Robin."

A motion was passed to purchase a gift for Joy Elliott. All hands voted to be present at the next meeting to be judged.

Anne Sheils read a topic on "How I Wash My Calf for the Sale." Lois Sheils gave one on "The History of the Club."

The club members welcomed Karen Blundell to the club. The 10-cent draw was won by Mrs. Mrs. Schumaker and netted \$1.80.

The "bit of fun," which was given by Gloria Schumaker, was won by Lois Sheils.

To close the evening everyone enjoyed a lunch served by the hostess, Ruby Milne.

PHILIP COULD BECOME KING

An article in the 100th edition of Burke's Peerage, to be published just before the Coronation, says that the Duke of Edinburgh could receive the titular dignity of King, unless the Queen herself decided.

Previous summary of the article was published Tuesday. It said that should happen, the Queen's husband would become King Philip II. The first King Philip came from Spain in 1554 to marry Queen Mary I.

DUMB BLONDES MAKE BEST WIVES

"Dumb blonde" types make the best wives because they do what comes naturally, a British expert said.

Girls who read too many books make the worst wives. Dr. May Macaulay, 50, told the national marriage guidance council.

Intellectual wives are too repressed. Dr. Macaulay said, and are too easily "shocked" and "ashamed."

Simple girls let off steam and sexual tension feel it — natural behavior that makes a man more perceptive, she said.

Dr. Macaulay, a judge at Birkenhead herself has two grown sons and is married to a doctor.

Lone Pine W.I. Holds May Meeting

(From Our Own Correspondent)

Mr. and Mrs. Fred Refus and family had picnics all days of the weekend from Creston, B.C. Mr. and Mrs. O. Sylvester and daughter and Mr. and Mrs. J. Knezevic.

Miss Marylin Refus of Edmonton was a weekend visitor.

Mr. Albert Gore of Toronto arrived Thursday by car and visited with Mr. and Mrs. Jack Edwards.

Sunday afternoon visitors with Mr. and Mrs. M. Dippel and Carole West, Mr. and Mrs. B. Hippkin and son, Mr. and Mrs. C. F. Stroud and family, and Red Deer.

Miss Marian Folkman spent Monday visiting Donna Dippel.

Mr. and Mrs. H. W. Folkman and family, accompanied by Miss Milled Artman, were Sunday visitors with Mr. and Mrs. L. Hildebrandt and family.

Miss Grace Hunsperger and Mrs. E. Cressman spent several days of the weekend with Mr. and Mrs. L. Hunsperger and family.

Mr. E. Peiper and Mrs. E. B. Fox and children spent Monday after noon visiting Mrs. H. W. Folkman.

Mr. George Chaffin of Edmonton, Mr. Frank Chaffin and Verden Chaffin were weekend visitors with Mr. and Mrs. Cliff Eckstrand and family.

Miss Bevety Eckstrand, Lorna and Jean Leewood, attended a birthday party Monday in honor of Miss Lorina Cook.

CALF CLUB MEETS AT JIM HUGHES

The West Didsbury 4-H Calf Club met at the home of Jim Hughes on Thursday, May 7 at 8 p.m.

Members judged a class of Hereford heifers, after which Bobby Hughes gave correct placings. The members then held their meeting.

Neil Young, a local interclub speaker, gave a talk on "Two Common Aliments and How Prevented" Larry Dunphy discussed "Feeds for Fattening Baby Beef." Delbert Byrt gave a talk on "Beef Type." Mr. McPhail thanked the children for their splendid reports and returned judging cards of last meeting.

The Judging Club made their tour on Monday of all the calves in the club and finished the day with a picnic lunch at the club leader's home. Mr. and Mrs. S. Brander.

Mr. and Mrs. Dutton of Calgary visited Sunday with Mr. and Mrs. Ed Stiles and family.

MONS CHAPTER L.O.D.E. HOLDS SUCCESSFUL TAG DAY

The annual L.O.D.E. tag day, last Saturday, raised \$9,35, which will go towards wages for the nurse at the local hospital.

Mons Chapter wishes to thank all those who contributed so generously.

The hostess served lunch to 29 members and visitors.

STILL MORE HOUSES

Who said the building boom was over? Building permits this year to date in Didsbury and area in the country are up almost 50 per cent over the same period last year, a recent survey of building commissioners shows.

Permits during the four months total \$144 million, compared with only \$97 million for the first four months of 1952.

Open winter in many parts of the country has enabled much work to get ahead earlier than it would ordinarily.

PROTECTION FOR ANIMALS

A new method of protecting deer from ticks has been adopted in the United States. Cattle are given an injection of insecticide and then the insects pierce the skin they receive a lethal dose of the poison. Tests have proven effective on deer flies and mosquitoes.

How long does an oil well last?

The average well goes dry in 20 to 30 years. To keep your car rolling and your home warm, a new well must be found to take its place. That's why the search for oil never ends; why Imperial, for instance, spent almost \$50 millions to find and develop new oil in western Canada last year.

Oil has become one of Canada's important industries.
How many of these questions about it can you answer?

Which of the following contain petroleum
lipstick? binder wine? insect spray?

In 1946 Canada produced less than 10% of
the oil she used. How much of her needs does
she produce now 18%? 40%? 55%?

How many service stations would you say
Imperial operates across Canada
15,000? 10,000? 0?

To what amount, would you say, have the
people of Alberta benefited through oil
industry payments to the provincial government
for royalties, leases and bonuses?
\$25 million? \$75 million?

Opinion surveys show that most Canadians
believe a business is entitled to a profit of 15¢
of a dollar of revenue. Last year Imperial
earned 7¢ 6¢ 11¢ 12¢

Oil is a part of all the products named and of
hundreds of others which contribute to our
everyday living.

About 40%—and we use twice as much as in
1946. Today's production would meet 80%
of the demand at that time.

None. Approximately 10,000 stations carry
the Imperial Esso sign, but they are operated
by independent dealers, each in business for
himself.

Since the discovery of Leduc in 1947, oil
royalty, lease and bonus payments to the
government total more than \$175 millions.

In 1952 Imperial earned a profit of 7½¢ of
each dollar received. Of this 6¢ was paid to
shareholders; the remaining 3½¢ was needed to
replace worn-out equipment and to make sure
we can supply your future oil needs!

Waterless Soil to Bloom in Jordan

Examining a soil sample in the Jordan Valley, a water development expert (left) gathers data on irrigation possibilities. The United Nations Relief and Works Agency for Palestine Refugees recently agreed with the Kingdom of Jordan to provide \$40,000,000 for construction of an irrigation and power dam in the region. The dry land, given water, might support up to 20,000 refugee families.

CHILDREN BAPTIZED AT KNOX UNITED CHURCH ON MOTHER'S DAY

Following is a list of children
baptized at Knox United Church
Didsbury, Westcott and Westerdale
on Mother's Day:

Knox Church: Larry James, son
of Mr. and Mrs. J. A. Jenkins;
Thelma Layne, son of Mr. and
Mrs. K. W. Phillips; Wayne Christiansen,
son of the late Arthur Christiansen;
Katherine James, William Dennis Brian, Jacqueline Marion, Andrew Malcolm, children
of Mr. and Mrs. Wm. Morris; Kenneth Dale, son of Mr. and Mrs. S. A. Baptist; Donna Lynn, daughter of Mr. and Mrs. S. A. Baptist; Wanda Jane, daughter of Mr. and Mrs. G. Rex Dawson.

Westerdale: Reece Arthur, son of Mr. and Mrs. Stanley Jackson;
Westcott: Douglas Alan, son of Mr. and Mrs. D. L. Adams.

Mrs. Walter McCoy assisted in
the service at Knox in her capacity as
superintendent of the cradle roll
department of the Sunday School.

Canadian farm income in 1952
was down \$200 million from 1951.

Divine Service every Sunday at
11:00 a.m.

Sunday School and Adult Bible
class every Sunday immediately
after the service.

INQUEST RULES TRUCKER DIED FROM HEART DISEASE

A heart disease condition, coronary sclerosis, caused the death April 29 of Felix Boltznot, former well known resident of this district, who was found dead in his truck truck after driving more than 14 hours. Boltznot, a trucker's jury decided at an inquest in Calgary, Tuesday, May 12. Earlier reports had it that Boltznot had died as the result of an accident.

Evidence of Dr. R. C. Riley, pathologist, who performed an autopsy on Boltznot, indicated that another possibility is that the man had died of some kind of gas poisoning. An examination of the heart revealed hardening of the vessels to where at one point, the blood supply was cut off. Dr. Riley said. The man also had kidney and liver disorders of long standing, the doctor testified.

Boltznot, who trucked distillate from the Shell Oil storage tanks, was found by another trucker, George Whitley, and Russel Ball, who were en route for the oil company at the location.

Whitley had loaded just ahead of Boltznot and was in an office being checked out by Ball. Boltznot, in the meantime had driven his truck up to the loading ramp and commenced to load his tanks.

Whitley and Ball found the tanks overfilled and the liquid went out. A few seconds later they found Boltznot about 35 feet away.

Artificial respiration and oxygen were used in unsuccessful attempts to revive him.

Notes From D.A.

HUGH McPHAIL

During the next few weeks Junior Clubs are holding several events that should be of interest to the surrounding district. On Saturday, May 23, six beef clubs,

including Castlair, Crossfield, Jutland, Olds, West Didsbury and Westward Ho, are holding a Field Day.

They will meet for a picnic lunch at the Olds School of Agriculture at 12:30 noon. After a few short talks they will proceed to the Louis Lamer farm four miles south of Olds, where three classes of excellent prepared Shorthorn cattle will be judged by a panel consisting of the trophy donated by Howard Hamill, M.L.A. will be the prize. Demonstrations will be made on showing and preparing calves.

There will be a good supply of soft drinks and ice cream on hand after the judging.

Over 100 calves from the above-mentioned clubs will be shown and sold at Calvers on June 10. Judging will start at 10 a.m. and the sale at 1:30 p.m.

A dairy club field day will be held at the O.S.A. on Saturday June 13 at 10 a.m. We expect six clubs to be there. Three classes of Holstein females will be judged by the members. A picnic lunch will be served at the M.L.A. Building. A few short talks will follow. Then the annual softball competition will take place.

Visitors are welcome at all of these events.

Agricultural SERVICE BOARD NOTESW.K. Snyder,
Field Supervisor**Through The Study Window**

Rev. C. C. Armstrong

Tree Planting: The past two days we have been busy planting trees for farmers with the new municipal tree planter. Nine hundred trees were planted on a farm near Hartington and 500 more on a farm 15 miles northeast of Garrison. You would be amazed how fast and easy it is to plant the little trees. As a matter of fact, we planted 5,000 trees of caragana and ash in about 2½ hours on the Yellowhead.

The planter is for the use of the ratepayers and their municipality. If you want to do it, get in touch with me and a date will be arranged to plant your trees.

Roadside Grass Seeding: I notice that in quite a few places farmers have had their roadside ditches backslid. It is the policy of your Service Board and Municipal Council to supply the seed to grass down these ditches.

Send down those newly worked ditches and we'll send you seed. A carpet of grass will eliminate many of the weeds, prevent the rains from cutting gullies, provide a source of hay, as well as beautify the roadsides.

If perchance you were not aware that grass seed is available for this purpose, get in touch with your councillor or directly with me and make known your requirements.

Walter League Denver 1950, and Ottawa 1952. Mr. Reese has served as chairman of the Saskatchewan District Walter League before moving to Didsbury. He has also been elected to the Manitoba Provincial League. He attended the Portland International convention in 1948.

Rev. E. B. Fox has been active in serving as pastoral advisor to the south zone; district board member; manager of Wheat Ridge Seals for two terms; and since 1950 as editor of the district Walter League publication "North Light Says."

The district board consists of a total of eight members. Another member is formerly of Westcott, now of Calgary. Two other Calgary leaguers and two Edmonton leaguers complete the board.

Periodically the church issues pronouncements against dirty books dirty comics and filthy literature. Many people believe that our literary and photographic material should be as morally clean as food by law, required to be sanitary.

Regardless of the merits of this statement there is no universal agreement as to what is obscene and what is not, and according to a church's report, "A certain subject dealt with by Shakespeare or Goethe or in a scientific thesis may be unquestionably not obscene. The same subject dealt with in this trash which is sold at the bookstores and newsstands may be unquestionably obscene."

A judge trying to define the test of obscenity stated as follows: "The test of obscenity is this, whether the tendency of the matter charged as obscenity is to deprave and corrupt those whose minds are open to such immoral influences, and into whose hands it comes by publication of this sort of evil."

In regard to the problem of dirty literature we may find more help towards a solution in the garden than in the courtroom. Consider the number of worms that there are in the garden, and who live there all their lives. They ought to be authorized dirt for their lives' sake. In addition, they have unnumbered cousins and aunts, wives and husbands and children with which to discuss the problems of their existence. Indeed, to take them from their home makes them most miserable, for they are at home nowhere else.

A fisherman left out on the sunfish faced with the problem of how to get back in. Should he go in head first, or back up, and how is he to know left from right, having no hands?

How he decides which way to go is one of the minor mysteries of life. His only satisfaction in life is that he can eat anything without being sickened.

If one can read anything without being sickened: if one can look at a picture without any feeling of degradation or exaltation; if one is totally unconcerned about whether or not literature has any relation to good or bad, or moral direction; then such a one is well qualified to take a worm's-eye view of filthy literature. But if one is aware that in the Garden of Eden there were worms but also a God who walked with his children in the cool of the evening; if there were worms in the Garden of Gethsemane, there was also a Christ; then one is something more than a dweller in the dirt, but such a one being born of the flesh is also born of the Spirit wherein he is uncleanliness.

Independent stores did three quarters of all retail business in Canada in 1951; chain stores accounted for 16.3 per cent and department stores for 8.6 per cent.

Entertainment At
Rosebud School

Mr. William Blore and his eight pupils of the Rosebud school put on a novel entertainment recently in aid of the Junior Red Cross. In addition to the usual recitations and musical numbers which the children had originally learned for the festival the pupils gave an excellent demonstration on what can be accomplished in training the memory.

Mr. Blore explained that one of the greatest needs today is for people to develop independent thinking habits and alert powers of observation. For this reason he said, his pupils had been studying methods used in personality courses currently being given in the cities, to school subjects which lent themselves to such instruction. While he used only a short daily period for about two months the children enjoyed it so much they practised the memory course out of school as well as in school.

The first item on the memory program consisted of the audience enumerating 20 objects, such as a Holstein cow, muddy roads, seed oats, etc. Then the pupils were asked to close their eyes for the audience to see, not the pupils. The audience then quizzed the pupils, and even the youngest pupil, seven-year-old Donna Gale, got 65 per cent of them correct, while Ken Stiles, a grade eight pupil, was asked to name the 20 objects which he did, naming 18 per cent correct. The audience were then given calendars and the older pupils were able to tell them correctly the day on which any date in 1953 which they cared to name fell.

In a broader field, the pupils were quizzed by the audience in exams from the first 40 pages of the Department of Agriculture Bulletin. Farming in Alberta and the first 25 pages of the May 4 issue of Life Magazine. As the audience selected a page each and pupils who knew it second before what was expected of him.

Bobby Klein, 8, gave an excellent account of the entire page dealing with Crown neoprene soles. Every pupil participated in this part of the program with distinction. Following another quiz, Gail Phillips, a seven-year-old, was given a list of 84 numerical digits by the audience and after a few minutes of study was able to recall them in any order when quizzed.

Recitations were given between selections in the memory course, while Gail Phillips played "The Dance of the Yellow Butterflies" very nicely. Deanna Schler, only nine years old, sang "Sweet and Low" and the Twenty-Third Psalm, unaccompanied.

On behalf of the parents, Mr. Bruce Parker thanked Mr. Blore for his excellent work with the pupils.

MORE FARMERS STIFFLY FINED

Thirty-five farmers appeared in court at Leask, Sask., last Wednesday to plead guilty and pay fines totalling more than \$1,000 on charges of selling more than their quota of wheat.

This brings to 72 the number of growers fined in what is believed to be the largest mass prosecution by the Canadian Wheat Board.

Thirty-seven farmers Tuesday paid nearly \$1,000.

On the basis of total foreign cargo handled, Canada's major imports in 1952 were: Montreal, Vancouver, Sault Ste. Marie, Hamilton and Port Alfred.

MEN WHO THINK OF TOMORROW PRACTISE MODERATION TODAY

FOLLOWING THE
TRAIL-BLAZERS

As Canadians push back the frontier — developing new areas, building new enterprises — banking service still follows the pioneer. Today, there are more bank branches to meet the needs of changing, growing Canada...they are being used more...they are doing more for more people...than ever before.

Since 1900, branches of the chartered banks have increased from 700 to 3,800. In the past ten years alone, 3,750,000 bank accounts have been opened.

REFUGEES IN WEST GERMANY

West Germany has ten million refugees, according to Victor Koby, a Financial Post reporter who has just returned from a tour of Germany and Berlin.

In the last six months, refugees have been flowing into Berlin at the rate of from 300 to 3,000 a day. To orderly western minds, the problem seems almost hopeless. How to separate them? Where to house them? How to employ them? How to find out their political background?

One-fifth of the population of the West German Federal Republic today is comprised of refugees.

Of this one-fifth of the population, some are former German nationals from East Germany; others are of German origin but from Poland, Czechoslovakia and other Iron Curtain neighbors.

Stocks of wheat in store in prairie elevators on April 23 totalled 138.6 million bushels as against only 81 million on the same date last year.

THE BEAM IN OUR EYE

The more successful an individual becomes and the more powerful a nation grows, the less conscious the man or nation is of defects except in others.

Once the truly religious are satisfied by success. Winning makes it more difficult for an individual or a nation to do justice and to walk humbly.

Weeds of defeat grow as rankly in the soil of success as in the poor earth of frustration.

Once the real riches, power and real and durable strength, the beam in the eye of North America is our refusal to permit other free nations to play their part in the production and exchange of the goods and services essential to a minimum of common well-being and security.

It is easier for the people of the United States and in considerable degree for the people of Canada, to see a mote in the eye of Britain who, almost fatally wounded, held the fort to civilization alone and gave North America a second chance to play its part in evolving a free and peaceful world.

CHRISTIAN SCIENCE

The fact that Man reflects God, Soul, is made clear at Christian Science churches on Sunday, when the Lesson-Service is titled "Soul and Body." It includes these revealing passages, from the Bible: "Lord, thou hast been our dwelling place in all generations. Let thy way appear unto thy servants and thy glory unto their children. And the beauty of thy house our joy be unto us" (Ps. 90: 1, 16 and 17). And from "Science and Health with the Scriptures," by Mary Baker Eddy: "Christian Science explains all cause and effect as mental, not physical. It lifts the veil of mystery from Soul and body. It reveals the scientific relation of man to God, disentangling the interlaced ambiguities of being, and sets free the imprisoned thought."

(114: 23 27)

Mink coats are going to cost more. If the price of the main ingredient is any indication. It is reported that mink skins were in strong demand at recent Montreal auctions at prices anywhere from 10 to 20 per cent higher.

DISTRICT NEWS

WESTERDALE

(From Our Own Correspondent)

The May 13 meeting of the Westerdale Women Workers was held at the home of Mrs. M. E. Schrader with seven members present.

Roll call was answered with the showing of a home-made flower. A motion was passed that the club accept an invitation to attend the Westcott June 4th meeting at which Miss Smith, home economist of Pincher Creek, will demonstrate made-over dresses.

Reported that \$5 was raised at a quilting bee when members were asked to make a quilt for Mrs. Dodd of Harmattan on May 7.

It was agreed that another club be invited to attend the July meeting, which will be held at the hall of Mrs. J. W. Bolton and Mrs. F. J. Jackson, who will arrange programs for the June meeting and Mrs. H. Jackson and Mrs. D. Herbert were chosen for the July meeting.

The tea money hostess prize was won by Mrs. J. Cowle. ★

The Westerdale baseball team won an exciting game from Hainault, 10-9, a score of 14-13 after playing an extra inning to break the tie on Sunday.

The Westerdale school children were defeated in softball by Springston on Thursday by a score of 35-18.

Mr. and Mrs. R. Jackson and Mrs. A. Jackson motored to Red Deer last Thursday. —

RITE OF CONFIRMATION AT REDEEMER LUTHERAN

A group of four children will be received into communicant membership in the Bethlehem Church through the solemn rite of Confirmation on Sunday, May 24. The service will begin at 10:30 a.m.

In the forenoon service, the examination of the confirmands and the Act of Confirmation will take place. In the afternoon, beginning at 3 p.m., the Communion service will be held. All confirmands fully confirmed will attend the Lord's Supper with the other members of the congregation. The children that will be confirmed at this service are Grace Rodney, Shirley Konischuk, Edward Rodney and Gordon Gebers.

MELVIN NOTES

(From Our Own Correspondent)

Miss Marie Kershaw and Mr. Allan Gilmer of Calgary spent the weekend at the home of Mr. and Mrs. Emil Krebs. Mr. Art Kershaw was a Sunday visitor at the Krebs home.

Little Richard Roberts spent last week with his grandparents, Mr. and Mrs. E. Krebs.

Mr. and Mrs. H. Lepard and family, from Edmonton, spent the holiday weekend with the Youngs' families. Mrs. E. Lepard visited at the home of Mrs. A. Krebs over the weekend. On Monday Mrs. Rena Youngs returned to Didsbury with them.

Mr. and Mrs. Murray McRae and family visited last week with their son and daughter-in-law, Mr. and Mrs. Murray McRae and family. ★

The May meeting of the Melvin W.I. was held last week at the home of Mrs. A. E. Krebs with a full attendance and seven visitors present. Roll call was a "well-known Canadian and why he (or she) is noted."

For a short topic Mrs. G. Olsen read an article on fire hazards. The monthly motto was repeated in unison: "Wise men lay upon knowledge."

Mrs. F. Fischer reported on the recent executive meeting and final plans for the conference in June. Mrs. M. McRae will attend the W.I. conference in Edmonton as the official delegate.

The handicraft convener, Mrs. E. Dupont, had arranged for Mrs. Kinnett, high school instructor in home economics in Didsbury and Olds schools, to present. Her talk on handcrafts was thoroughly enjoyed by everyone present.

The flower contest presented by Miss J. Kershaw was won by Mrs. R. Youngs.

The pot-holder contest was judged by three visitors and Mrs. Phillips was the winner, with Mrs. Dupont second.

A delicious lunch brought the afternoon to a close. —

POOL CROP REPORT

Only 5 per cent of Alberta's wheat acreage has been seeded in the southeastern corner of the province, but elsewhere it is scarcely started. Unusually warm weather prevailed most of the past week but over the weekend rain and snow was experienced, bringing to a halt further seeding operations.

THE WAY TO GOD

We come to God by devious ways, and who am I to say? That the road I take is the only road, my way the better way. The earnest seekers after God, can find him like a flame. Down the road it makes no matter what their creed or what their name. So whether we may pause to pray, where great cathedrals shine Or in some little weathered church, or at some wayside shrine. The sincere traveller will arrive, where the welcoming lights shine. Although the countless thousands take a different road from mine —

Hector L. Robeze

PROMPT RESPONSE

A man just back from Ottawa was telling about the trip. "I put in a hectic week," he said, "going from one office to another, trying to get things done. But the most unusual thing happened when I took out a blonde the last evening I was there. We had dinner, and as we were leaving I asked for a kiss. She slapped me mad."

The friend said, "That must have made you mad."

"Not at all," said Jim. "I liked it. It was the first definite answer I'd had all week."

STRAMIT on the Farm

YOU CAN BUILD INSULATE ← RESIST FIRE ←

Q'll, at one time, one low cost!

**STRAMIT OUTBUILDINGS ARE COOL IN SUMMER
WARM IN WINTER!**

It's fast! You build, insulate, resist fire, apply sheathing, insulation AND ready-to-finish surfaces with one board, in one easy operation — with versatile STRAMIT! And STRAMIT is so speedily created, so easily worked on site with ordinary carpenter tools, that you save time and labor when you build or convert your garage, workshops and other form outbuildings.

What is STRAMIT? Clean, dry straw, processed under tremendous heat and pressure into solid sheets of incredible strength and rigidity. Because the compressed straw has high silica content, STRAMIT is fire-resistant ... completely fireproof when plastered on both sides. It is covered with high grade Kraft paper that you can paint or plaster. Pre-tressed in manufacture STRAMIT cannot warp.

And STRAMIT keeps your buildings cool in summer, warm in winter — gives you better hot-cold insulation than '50' of concrete, plus greater structural strength than is found in any insulating wallboard of comparable light weight. There's economy, too, in every look of STRAMIT ... it offers tremendous savings in construction costs.

STRAMIT is 2" thick, 4" wide — can be supplied in standard lengths of 6', 7', 8', 9' & 10', or mill-cut any length. Mail coupon today for the name of your nearest dealer, plus full information and construction plans.

MAIL THIS COUPON TODAY!

To: STRAMIT CORP. (ALBERTA) LTD., Innisfail, Alberta.
Please send my name and address of my nearest STRAMIT dealer, plus full information about STRAMIT street and insulating board.

Mrs. M. E. MacDonald and two children, of Vancouver, B.C. are visiting the former's parents, Mr. and Mrs. J. Topley.

A wild duck is nesting in an old magpie nest 12 feet above the ground on the Topley farm, east of town.

Sea-going trailers

A western shipper thought this was up. He handles freight to and from Alaska by means of aluminum vans which are loaded, driven to the dock, and there lifted by cranes from their chassis into the ship's hold. Saves a lot of cargo handling, damage and pilfering. The vans can be individually heated or refrigerated to protect special cargoes, too.

More than a thousand different Canadian companies keep busy turning Canadian-made aluminum into everything from ash trays to mimesweepers. And it keeps us busy wondering how next they'll use this modern metal to save weight, or time, or trouble, or dollars for somebody. Aluminum Company of Canada, Ltd. (Alcan).

Coming Events

The Rugby Bluejells W.I.G.C. will hold a food sale in the Massay Harris showroom on Saturday, May 23 at 2:30 p.m. 3¢

Dance at Lone Pine Hall on Friday, May 24. Starts 8:30 and round dancing starting at 9:30 till 10:30 then a regular dance. Swallow orchestra.

The Ladies' Golf Club will hold a regular meeting Friday, May 22 at 8 p.m. at the home of Mrs. S. Devine.

The Evening Group of Knox United W.A. will meet at the home of Mrs. R. McArthur on Monday, May 25.

Mountain View P.U.A. Local will hold its regular meeting on Tuesday, May 26 at 8:30 p.m. in Mountain View Hall.

Knox United Church Sunday School and congregational picnic will be held at the farm of Mr. and Mrs. Reid Clarke on Wednesday afternoon, May 27. Basket lunch.

Regular meeting of Didsbury Lions Club will be held in the Lions hall at 6:45 Thursday night.

Mr. and Mrs. G. H. Burke and Mrs. A. L. Harvey motored to Edmonton for the weekend. Mrs. Harvey will visit in the northern city for several days.

Mr. R. J. Snowden of the staff of The Pioneer underwent an emergency appendicitis operation Sunday.
